

During the August recess, besides many meetings with constituents, I will hold at least two telephone town halls so that I can reach the maximum number of people who have questions or concerns about health care reform legislation. The first event was on August 20th at 7:00 p.m. to talk with people from Monroe and Orleans Counties. The second telephone town hall was on September 1st to talk with people from Niagara and Erie Counties, at 7:10 p.m.

I have put up [a recording of the first telephone town hall](#) and the [second telephone town hall](#) for those who missed it and want to listen in.
